Important information

The surveyor will ascertain the value using their skills and experience to calculate the added value of your home improvements. The cost of your improvements may not equal to the value it has contributed, for example, if you have spent £10,000 on double glazed windows, this may not necessarily increase the value of your home by £10,000. Please note that we cannot include your home improvements unless you provide copies of receipts/ invoices or before and after images to evidence the works have been carried out.

Below is a list of works that we consider as home improvements.	Please tick to indicate you have supplied invoices /receipts /before and after images for your improvement/s.
